RELIEF Phase 1 Kick-off meeting

 27/12/2017 /  Admin

RELIEF Phase 1 official Kick-off meeting took place last Tuesday, 28th November with the 7 awarded contractors. The Kick-off meeting was organized in one of the buyer's facilities, concretely at Hospital Reina Sofía (Córdoba – Spain).

During the meeting, the RELIEF buyer's group, SAS, CCU and RESAH acting as lead Procurer, welcomed the awarded entities and explained in detail the main themes and aspects addressed to implement the Phase 1: Feasibility Study. We were talking about monitoring process, communication issues, specific situation per buyer, etc.

RELIEF is a Pre-Commercial Procurement project looking for innovative solutions to improve the self-management of chronic pain.
